THE SENSATION IN DURHAM

Justice Walker Refuses Habeas Corpus For Ex-Mayor McCown, Who Assaulted Judge Ward.

(Special Star Telegram.)

Raleigh, N. C., Sept. 4.—Justice Walker, of the Supreme Court, this afternoon heard the notable case of ex-Mayor M. E. McCown, of Durham, at the Supreme Court room, upon petition for a writ of habeaus corpus. He denied the application for discharge and release of McCown from imprisonment under the judgment and the order of commitment for contempt of court made by Judge Ward, of the Superior Court, and McCown's petition was dismissed. He was remanded to the custody of the Durham sheriff and was taken back to Durham to be confined in jail in further execution of the judgment and the order of Judge Ward or until discharged in due course of law.

From this decision of Justice Walker, McCown appealed to the Supreme Court and his appeal was allowed. Notice of appeal was waived by Solicitor Brooks and the Attorney General, who were present at the hearing and represented the State. The court will regularly hear this notable case tomorrow morning.

(By Associated Press.)

Raleigh, N. C., September 4.—Ex-Mayor M. E. McCown, of Durham, sentenced to jail for thirty days and to pay $200 fine for striking Judge Geo. Ward on Saturday night, to-day sought habeas corpus here from Associate Justice of the Supreme Court P. D. Walker. Judge Walker took only the order of Judge Ward and on this dismissed the case and remanded McCown to jail. This was agreed to beforehand without arguement and the Supreme Court in the morning will hear the case on appeal. McCown is still in jail in Durham, having been brought here and taken back.

LOCAL DOTS.

—The brigantine Alcala 363 tons, has been chartered for cargo of salt from New York to Wilmington; lumber thence to Haiti.

—There were no pressing cases on the docket yesterday and the police court was not held as usual on account of the holiday.

—No local markets are printed in the Star to-day on account of the suspension of business for the Labor Day observance yesterday.

—Two teams from the Boys' Brigade, captained by P. O. Hall and Kelson young matched for a bowling contest last night. Mr. Young's team won by a score of 2,022 to 1,946.

—John Love, colored, 15 or 16 years old, said he was "playing with another boy" and got cut in the shoulder early last night. He went out to the hospital and signed up for a Labor Day casualty.

—Fayetteville Observer: "The rainfall Sunday afternoon was one of the heaviest seen here in a year. From 6:30 to 7:45 P. M., 2:42 inches fell. We learn that no material damage has resulted from the flood so far."

—The excursion from Conway, S. C., Saturday was not a colored excursion but a white one. There were only about 35 colored people that came with it. The excursion was run by Messrs. W. W. and Hudson Russ, of Conway.

—The postal clerks on S. A. L. trains No. 39 and 40, who formerly stopped at Monroe, N. C., now run through from Charlotte to Wilmington. The change affects Messrs. H. T. Rollins and H. D. Burkheimer who are the railway mail clerks on the run.

—Charley Brown, a diminutive colored lad, was carried to the hospital yesterday for two rather severe wounds in his face. He mistook Labor Day for the Fourth of July and set off some dynamite in the street. Dr. Akerman patched up his physiognomy and sent him home.

—Last night's Fayetteville Observer: "A big washout, caused by yesterday's rains, has crippled traffic on the Sanford division of the A. C. L. The north-bound freight train had to be cancelled, and the passenger train due to leave here at 12:40 this afternoon was unable to proceed west until late this afternoon."

—The Morning Oregonian, of Portland, Ore., in its account of the visitors to the Lewis & Clark exposition, speaks of a party of 45 from North Carolina. They went on the personally conducted excursion over the Seaboard. Among the prominent Tar Heels the Oregonian notes "Senator" Geo. A. Croft, of Wrightsville.

—Yesterday's Fayetteville Observer says: "Cameron F. MacRae, Esq., of Wilmington spent the day in the city. ——Mr. J. W. Williamson, of Wilmington, spent the day in town with his brother, Mr. L. A. Williamson.——Messrs. Jno. R. Turrentine, Jr., W. A. McGirt and M. D. Meier were among the Wilmington people in the city today."

—Lumberton Robesonian: "Isaac Leach, one of the substantial colored citizens of Elrod, R. F. D. No. 2, was in town Saturday, and came in to subscribe for the Robesonian. He said he wanted two papers, and had been advised to take the Robesonian and the Wilmington Star. After getting his receipt for this paper he was turned over to the Star representative."

On a Pleasant Mission.

Mr. and Mrs. C. O. Byerly will leave this morning for Easton, Md., where on next Wednesday they will attend the marriage of Mr. Byerly's son, Mr. Kenneth Byerly, who is pleasantly remembered in Wilmington where he resided for a short while and where he has seeveral times visited. He will lead to the altar Miss Anna White, a charming young woman of Easton, where the couple will make their home after the marriage.

LABOR DAY OBSERVED

Fitting Celebration of Great American Holiday By Central Labor Union

ADDRESS BY COL. WADDELL

Highly Creditable Parade During the Morning—Many Went to Wrightsville — Excursions to and From Wilmington.

Labor Day was very generally observed in Wilmington and at the seaside resorts contiguous to the city yesterday. While nothing elaborate had been planned in the way of a celebration in the city or at the beaches, the exercises were very creditable indeed and all the transportation lines had about all they could do to comfortably handle the crowds for the occasion. In the city there was a general suspension of business. Banks, public offices and many industrial enterprises were closed for the day and employes and employers joined heartily in the spirit of the holiday.

The official celebration this year was at Carolina Beach under the auspices of the Central Labor Union and five trips of the steamer Wilmington during the day and night were required to handle the unusually heavy travel to that pleasurable resort. The crowd there was estimated at from 1,200 to 1,500, the 11 o'clock and early afternoon trips of the steamer taking the capacity of the boat. The committee in charge was composed of Messrs. J. F. Staniland, J. G. Smith and E. C. Yarborough. To them is due much for the success of the celebration.

Music, dancing, refreshments, boating, fishing and many other forms of entertainment were provided, but the feature of the entire day was an address to the union men and their friends in the afternoon by Hon. A. M. Waddell, mayor of the city, who spent the day at the beach as the guest of the organizations. Mayor Waddell was presented to an immense crowd, which thronged the pavilion, by President White of the Machinists' Union. The Mayor related an amusing little story of the awkard fellow, who once upon a time all at once awoke from a period of long silence and suddenly embraced his sweetheart, saying it was "an 'onexpected' pleasure." Only last Saturday Col. Waddell accepted the invitation to speak on Labor Day and he spoke without preparation but very pleasingly. It was indeed "an unexpected pleasure," he said. His address was not more than fifteen minutes in length and every word of it was heard with manifestations of warmest approval. He spoke of the dignity of labor and advocated organization for protection from oppression, but reproached organization that is "against" anybody or anything. The principles of unionism were right and proper; in union there was strength and the speaker used homely illustrations to carry home that fact. Arbitration was strongly commended as the proper method for the settlement of differences between labor and capital and incidentally Col. Waddell paid high tribute to the President of the United States for the part he took in bringing about peace between envoys of the warring nations at Portsmouth, N. H., last week. While prefacing his remarks with the declaration that he was a Democrat and expected to continue one, he said Mr. Roosevelt was undoubtedly a great man and he believed that two years hence both parties would be unanimous in their choice of him for re-election as President.

Discussing immigration in conclusion, Col. Waddell deplored the dumping upon our shores of a million and a half of the class of many foreigners who came to us last year, and said that what the South wanted was an intelligent, industrious class of foreign citizens such as have been developing our resources in past years and not such as the undesirable class which New England would have us take now. The speech of Mayor Waddell was a hit and his presence at the beach was highly appreciated by those to whom he spoke.

Parade Yesterday Morning.

The parade yesterday morning along the principal streets of the city to the steamer Wilmington, whence the crowds embarked for the trip to Carolina Beach at 11 o'clock, was very creditable indeed to the several organizations which participated. The parade was headed by the Delgado Concert Band which rendered inspiring music along the route and a cordon of police, looking "their finest" and composed of Messrs. A. D. Smith, W. F. Craig, H. P. Merritt, R. L. Truelove, W. R. Appleberry and Leon George. The International Brotherhood of Electrical Workers was represented in the parade by nearly the entire membership of the Wilmington local, clad in suits of spotless white, white shoes and duck hats. Mr. E. C. Yarborough, of the I. B. E. W., was chief marshal, and the parade under his direction was well carried out. He was assisted by an aide from each of the other labor organizations.

The business men of the city made several substantial donations towards making Labor Day a success, due acknowledgement of which will be made by the committee later.

To Wrightsville Beach.

Although there was no special celebration of the day at Wrightsville Beach, the Consolidated Company handed an unusually large number of people to delightful Lumina where there was dancing, music, boating, bowling and other attractions. A rate of 25 cents for the round trip to the beach was given and the cars were handled with extra trailers on a half-hour schedule all day. The crowd there during the day was estimated at from 2,500 to 3,000.

Other Notes of the Day.

Besides the outings at the beaches in celebration of Labor Day there were various private hunting and fishing parties from the city and two railroad excursions—one over the Seaboard Air Line from Wadesboro and intermediate points to Wilmington and the other from this city to Fayetteville. The excursion train over the Seaboard consisted of nine coaches and brought between 300 and 400 visitors, arriving at 12 o'clock and returning last night. The excursion from Wilmington to Fayetteville so large was the crowd, had to be run in two sections consisting of 20 coaches in all. The first section consisted of seven coaches and the second of 13 coaches, both carrying over a thousand people. Conductors Hinton and Pitt were in charge of the trains and they left about 8 o'clock returning early this morning, after nearly an all night ride. The Fayetteville Observer of yesterday afternoon says:

"There are nearly a thousand excursionists in Fayetteville to-day, most of whom are negroes, and these, together with hundreds of negroes from the neighborhood, give the streets a crowded appearance. The excursionists came from Wilmington and intermediate points and came in two trains, consisting of 22 cars. Between 150 and 200 were white people, for whom cars were provided. The first section of the excursion train will leave here at 12 o'clock midnight and the second 12:30 A. M. A game of baseball is being played this afternoon between colored teams of Wilmington and Fayetteville."

The first section of the excursion arrived on the return at 3 A. M. and the second section a short while thereafter. The first section brought the white excursionists and the second the colored contingent.

Thanks to Capt. Harper.

The committee for the official celebration at Carolina Beach desire to especially return their thanks to Capt. Jno. W. Harper for the admirable manner in which he handled the large crowds. There was not an accident of any kind and every boat was strictly on time.

The Labor Day Committee, although they have received a considerable number of donations for their Labor Day fund, feel that there are others who would like to contribute something and for that reason no acknowledgements will be made until all their friends have had opportunity to give something. The committee to-day will wait upon others whom it was impossible to see yesterday.

CAPT HOLTTUM COMING.

His Good Ship Expected at Southport This Week.

The British steamer Tolosa, in command of that jolly Englishman, Capt. Charles H. Holttum, whose visits to this port are always a source of delight to legions of his freinds in Wilmington, is expected to arrive at Southport Wednesday of this week from Baltimore. At the outside she will be up that afternoon and take a berth at the Champion Compress for a cargo of cotton from Messrs Alexander Sprunt & Son, being the first of a fleet of half a hundred large tramp steamships that come each season to load with the fleecy staple for foreign shores. The Tolosa left Baltimore Saturday for Wilmington, and would have arrived this morning, but for the fact that she stopped at Norfolk for coal.

Negro Amuck With Pistol.

Geo. Hill, a half-drunken negro, ran amuck with a pistol on lower Princess street late yesterday afternoon. Policeman John R. Sneeden arrested Hill with some difficulty and took the pistol from him. It was chock full of cartridges and the negro had more in his pockets. Hill was sent up to the police station where the dual charge of his being drunk and disorderly and carrying concealed weapons was entered against him. He will explain to the Mayor to-day at noon that he found the pistol on Princess street, but other witnesses will be introduced to prove that before the officer got him, he was flourishing the weapon around in a dangerous manner to pedestrians along the street.

Worthy Colored Man Dead.

David Williams, an old and highly respected colored man of this city, died yesterday afternoon at 3:30 o'clock at his home in Seventh, between Church and Castle streets. He was one of Wilmington's oldest painters and ejoyed the confidence of all of both races who knew him. The funeral will be conducted at 3 o'clock this afternoon from St. Luke's A. M. E. Zion church, of which he was a member. He was also a member of the good Samaritans and members of that order will attend the exercises. All other friends and acquaintances are invited to also be present at the services.

Young Mother Dead.

Mrs. Ida May Bland, daughter of Mr. and Mrs. J. F. Creitter and the young wife of Mr. Walter Bland, No. 206 Davis street, passed away at her home Sunday night at 8 o'clock, in the 20th year of her age. She had been a bride less than a year and her death is particularly sad because she leaves a little child, which, if it survives, will never know what it has missed in a mother's love. The funeral was conducted by the Rev. Fred. D. Hale, D. D., pastor of the First Baptist church, and the remains were tenderly laid to rest in Bellevue cemetery.

Old Woman in Need.

The Star is asked to call attention to the case of an old colored woman, familiarly known in the neighborhood as "Aunt Tama," who is in destitute circumstances and without means of support in her humble abode at northwest corner of Fifth and Harnett streets. The charity of white neighbors in that section has been exhausted and as the old woman has no means of support herself, it is necessary that the authorities give consideration to her case with a view to giving her a place in the County Home or providing for her otherwise.

NEGRO PUMPED LEAD

Sensational Shooting Among Colored People at Sixth and Nixon Last Night

INVADED ANOTHER'S HOME

William McNeill Fired Three Times at Jim Young in the Street, Each Ball Taking Effect—Then Surrendered Himself.

Believing him to be responsible for alienating the affections of his wife and invading the sanctity of his home, William McNeill, a young colored man employed on the yards of the Standard Pole and Tie Company, in this city, early last night drew his pistol at Fifth and Nixon streets and fired three times into Jim Young, also colored, each of the three balls taking effect, one through the left arm, just below the elbow; one in the hip and the third in the abdomen. Soon after the shooting McNeill, believing that he had killed Young, came down to the City Hall, surrendered himself and was locked up in a cell in the station house. He said that he had frequently warned Young of the consequences of his improper conduct and felt justified in what he had done.

The shooting caused much excitement in the colored settlement where it occurred and a great crowd assembled to discuss the affair, and see the wounded man before he was taken to the hospital in the ambulance. Policeman H. P. Merritt, on duty in that section of the city saw the flashes of the pistol, the shots appearing to have been fired deliberately, one after the other with a short pause between. The officer ran up to the corner, but McNeill had disappeared. At first it was thought that he had run to the Carolina Central railroad tracks and boarded the outgoing excursion train, which was passeing at the time, but McNeill surprised everybody by walking to the City Hall with Mr. Woebse, who keeps a store in the vicinity, and giving himself up.

At the hospital later Dr. Akerman said the wounds were not fatal. By the greatest good luck for the victim, he said, the ball which struck the negro in the adbomen was diverted from its inward course and glanced around. The ball in the arm passed through and through. The wound in the hip may give Young trouble for some time.

It is probable that McNeill will make application and will be able to give bond to-day unless complications set in as to Young, his victim. McNeill is a respectable colored man and is fairly well to do.

ACADEMY OPENS TO-NIGHT.

International Vaudeville Stars Will Inaugurate Theatrical Season.

The Academy of Music opens to-night. With the exception of some of the decorations the theatre is ready for the opening. These decorations were unavoidably delayed but will be made in ample time for the next performance.

The opening attraction to-night will be one of unusual merit and one that will prove a decided novelty. It will be the International Vaudeville Stars, consisting of all top-liners, and a performance such as hitherto only seen at Keith's and Proctor's will be given. This is the first time high mark vaudeville has ever been attempted in the South and the expensiveness of the venture can readily be imagined when it is known that the company includes such popular celebrities as Flo Irwin, Bonnie Thornton, James Thornton, May Yore and Bradlee Strong. The performance to-night will be really a magnificent one of its class and should be well attended by Wilmington theatre-goers.

Seats were placed on sale at Plummer's yesterday morning. There is no advance in prices.

TIGHTEN THE QUARANTINE.

Ten Days Absence From Atlanta Now Required By Wilmington.

On account of the development of a case of yellow fever in Atlanta, a notice of which was carried in the telegraphic columns of the Star Sunday morning, Wilmington's quarantine has been considerably tighened up against all infected territory in the South. Instruction has been given the guards on the trains to require an absence of ten days from Atlanta before permitting persons to enter here, regardless of health certificates. While the news from Atlanta is not alarming in the least, the health authorities take the ground that every precaution should be taken. The guards have been enjoined to look particularly into the cases of all persons from Florida points.

A telegram from Atlanta Sunday night said: "J. C. Caruthers, the first and only fever patient here, is at the detention hospital several miles from the city. His condition was reported to-night as slightly improved."

Seaboard Officials Here.

Mr. W. J. Jenks, of Jacksonville, Fla., who recently succeeded Mr. W. R. Hudson as superintendent of this division of the Seaboard Air Line, accompanied by Mr. W. A. Gore, trainmaster, and Capt. G. W. Harrison, roadmaster of the system, all with headquarters at Raleigh, spent Sunday in the city. Mr. Jenks came down to acquaint himself with the Wilmington-Hamlet division and was cordially received by the clever Seaboard people at this end of the line.

Steamer Johnson Agency.

The steamer A. J. Johnson arrived last night from Long View, on Black river, being unable to go further on account of low water. Mr. J. A. Munn, the commission merchant, No. 110 North Water street, has now the agency for the Johnson in this city and will give any information as to rates, schedule, etc. Mr. W. J. Meredith resigned the agency for the steamer last week.

RELEASED AND RE-ARRESTED

Cooley and Wife, Palmist, now Being Held on Charges from Kalamazoo, Mich.—Identification.

After further communication by telegraph with the Kansas City authorities, Chief of Police Williams Sunday evening released G. C. Cooley and his wife, Madam Ona, who conducted a palmistry booth at Wrightsville during the past Summer and who were arrested late Saturday night on a telegram from the Missouri authorities, charging false pretence. Cooley and his wife gave an account of their itinerary for some time past, showing that they had not been where the offence was alleged to have been committed. The description furnished also poorly fitted the parties under detention here and the Kansas City Chief of Police at last abandoned his efforts to complete the identification.

Upon his abandonment of the case, which appears to have been originally in behalf of the Kalamazoo, Michigan, authorities, the Chief of Police of Kalamazoo yesterday wired to Chief Williams to re-arrest the parties on a State warrant, charging them with the larceny of $700 in money. Cooley and his wife had returned to their work at Wrightsville, but Chief Williams sent Officer J. J. Moore down last night and he and Officer R. L. Truelove re-arrested the parties. A telegram late last night stated that the sheriff of Kalamazoo and a man to identify the parties had already left for Wilmington. They will probably get here Wednesday. Both Mr. and Mrs. Cooley say they have nothing to fear from a person to identify them but they are a little indignant that they should be put to so much inconvenience.

WILMINGTON, N. C.

Tuesday Morning, Sept 5.

THE FOULEST INFAMY.

The most infamous outrage committed in North Carolina in many a day was the assault made at Durham on Saturday evening by M. E. Cown, a former mayor of that city, upon Judge Geo ge W. Ward, of the Superior Court bench of North Carolina. It was not a mere contempt of court in the ordinary sense of the word, not an ordinary assault and battery as contemplated under the statutes, but a crime against the people of North Carolina as represented in the honor, integrity and sacredness of their judicial ermine.

The offense of the man Cown is little short of heinous, and it were hardly to be conceived that there was in North Carolina a man so lost to respect and honor for his State as to have assaulted, maltreated and wounded an honored citizen upon whom the people had placed the duty of interpreting and administering the laws of the State. It was not only a monstrous violation of the laws of North Carolina but an unpardonable insult and outrage upon the judiciary, for which the people of North Carolina rightly have such deep respect and reverence.

The people of North Carolina will be immeasurably grieved at such a humiliating occurrence and as profound will be the regret that the statutes do not provide a penalty severe enough for a deed so wreckless in its conception and so foul and infamous in its execution. Surely the punishment of 30 days in jail and $200 fine in no sense compensates the people for the contempibleness and enormity of Cown's deed. He abused, cursed and inflicted blows upon a North Carolina judge for passing a judgment which he felt it was his duty in his honorable position and under his oath to pass upon a convict in the Superior Court of Durham county.

The Charlotte Observer rightly characterizes the infamy in this:

"The circumstance is most monstrous. We do not know how otherwise to characterize it. Nothing like it has ever occurred in North Carolina in all the history of the State. The only event of which it reminds one, is that many years ago, in one of our eastern counties. Mr. (afterwards Judge) Warren was shot at and wounded by a defendant whom he had prosecuted and who, after the shot, turned the weapon upon himself, and committed suicide. Yet there is no parallelism in the cases.

"There is in our North Carolina people an inborn reverence for the judiciary. A man who incarnates the majesty of the law has their instinctive respect. They do not always, by any means, endorse his judgment but they bow to it and do not improperly call the judge in question. To assail him with physical force for a sentence imposed is a thing heretofore unthought of. And, in this case, not because the sentence was too severe but too merciful."

The Durham prohibitionists have begun a vigorous campaign against the petition calling for an election on the whiskey question in that city. A three cornered fight is proposed—prohibition, dispensary or high license for open saloons.

THE OPPORTUNITY AT HOME

Every Carolinian who is keeping an eye on the progress of his State will recognize the truth of this editorial from the Charlotte Evening News:

"State Auditor Dixon is highly elated over the state of health of North Carolina today. He says this State is in the finest shape since 1860, industrially, financially, socially and morally. He has spoken no secret, nor has he betrayed any confidence. North Carolina is making strides at a pace that is second to no State in the union. This fact is known not only to her own people but also to tens of thousands of others who are not so fortunate as to be residents of North Carolina. Our people are enjoying an era of prosperity, the like of which has never been known before. Even as short a time as ten years ago it was impossible to foresee the development that has come about in the past few years. The rapid advancement of this State in industry, finance, society and morals is easy to account for—the natural resources are here. That explains it without further comment. The future is going to reveal greater things to the people of North Carolina, within the short space of a few years, than has even been dreamed of in the minds of the most far-sighted and optimistic men of the times. The time to leave North Carolina for opportunities in other fields is now a thing of the past. The greatest opportunities in all channels of life are to be found right here in our own State. The man with energy, determination and zeal need not cross the borders of the State to make a success. The home field is wide, the opportunities varied."

Young men of other States as well as North Carolina will not only find wonderful progress of North Carolina, "to grow up with opportunity to go along with the wonderful progress of North Carolina, "to grow up with the State," as it were, but they have opportunities to figure in and profit from the numerous undeveloped resources of the State. There is room in North Carolina for a population of several million people who are capable of developing what lies before them in such an inviting way. The resources which we know of are indeed "varied" but those undiscovered or not now dreamed of will, in our opinion be greater than any now in sight.

DIFFERENT WITH NORWAY.

The people of Norway dissolved their union with Sweden several months ago and went on with their affairs, demonstrating their capacity for self government and their loyalty to the temporary government which they set up for themselves. Recently they took a peacable vote and with practical unanimity sustained disunion by their votes. The beautiful United States government hasn't recognized their government yet, although it set a precedent for hasty recognition of formative nations by recognizing Panama overnight when it is alleged that the Panamenos "stood up as one man. Afterwards a gang of soldiers hung around the layout of the Panama government and were about to scare it off the roost but the United States minister stampeded them by threatening them with Uncle Sam.

However, the world knows why the American government recognized Panama and why it doesn't know Norway when it sees it. Norway is getting along beautifully without Uncle Sam but Panama might take to the woods any night if he were not on hand to keep the bogeys away.

THE MERCHANTS' JOURNAL.

The Merchants' Journal, published by Mr. Norman H. Johnson, editor, at Raleigh, has been enlarged and greatly improved. The September issue contains 32 pages and the typographical appearance of the magazine is quite attractive. The Merchants' Journal is the organ of the mercantile associations of North Carolina and that it has met with success is evineed by the fact that it now appears in such pretentious style. It is ably edited and is well worthy of the commercial interests of North Carolina. The Star congratulates Editor Johnson upon his success with his magazine.

—"There is every reason to believe that John Hyde will return," says a Department of Agriculture official. There is also every reason to believe that the Panama canal will be built. Washington Post.

—A Washington paper is devoting an editorial every other day to the subject of pie. That is about as close to it as a Democratic newspaper is likely to get under a Republican administration.—Petersburg Progress.

—A million-dollar fire in a lumber yard excites public attention and comment from Maine to California. Few pay attention to the $25,000,000 worth of lumber annually destroyed in the United States by forest fires. The price of beef, gas, and railway rates is a permanent topic of active discussion and controversy. Few give any heed to the recent enormous increase in the cost of lumber or to the danger of an early exhaustion of our forest resources.—New York Sun.

—It is possible that the standpatters have become so confident in their force, so collected in their might, that they seriously contemplate imposing an import duty on coffee, in order to cure the annual deficit by their rapacity and greed? In the mad scramble for protection, the original and only legitimate purpose of a tariff on imports has been forgotten. In framing a measure designed to protect favored industries, and put revenue into private pockets, little thought was given to the national revenue. As a result, the public income is inadequate for the needs of government, and the annual deficit is the result.—Richmond Evening Journal.

—The twenty-four railway trunk lines which radiate from Chicago amount to 59 per cent. of the railway mileage of the United States, or 120,000 miles of road. The world's greatest railway center communicates with the more than 40,000,000 people of the great basin of the Mississippi, the world's richest valley, and, beyond this natural territory of Chicago's great central market, with the friendly seaboard of the Atlantic, the Pacific, and the Gulf. No single condition of trade supremacy so appeals to the reason and imagination as the prerequisite of commercial and industrial leadership enjoyed by this metropolis, a condition popularized in the pregnant saying: All roads lead to Chicago.—World To-day.

MR. G. A. CROFT TALKS.

Interesting Interview With Wilmingtonian in an Oregon Paper.

The Seattle (Wash.) Daily Times of August 29th, has the following interesting interview with Mr. G. A. Croft, of this city:

"Dr. William Black, of Wilmington, N. C., heading a party of four of his townspeople, reached the city this morning and registered at The Washington Hotel. They have been gone from home a month now and will take in Vancouver and Victoria and the Yellowstone Park before starting for the land of Dixie.

"In Dr. Black's party is G. A. Croft, North Carolina commissioner to the Lewis and Clark fair. To a reporter for the Times Mr. Croft said:

"'The principal problem the South must solve now is the question of labor. The negro is worthless as a laborer. Yes, that's a fact. We have 65,000 spindles in North and South Carolian to-day.

"'The fair was a wonderful institution to me, especially as I had not seen the Northwest since 1889. I was in Seattle the last time just two weeks before your big fire, I believe the Portland fair will mean the investment of a great deal of Eastern money in this country.

"'I know the era of prosperity in the South began directly after we had given our first big fair at Atlanta in 1881. Northern people came down here then, saw the country, grasped the opportunities afforded for investment and did a great deal in the upbuilding of the country. And we needed it in those days, too.'"

Also a member of the black party is Col. L. H. Holt, of Wilmington. The colonel is worth $8,000,000 and is glad of it. He probably owns and operates more cotton mills than any other man in the entire South. He has been to Europe twenty-two times, but this is the first time the West has ever been honored by his presence. He is a typical Southerner and would make a good hero for an Opie Read novel. He has raised a large family, and every time one of his sons or daughters gets married he presents them with a cotton mill as a present.

The Black party was sent West by the Sea Board Air line of railroads owned by Thomas F. Ryan, of New York, who is also at The Washington. They were all anxious to meet the great money king, and did so. Mr. Ryan, who has millions invested in the South, spent an hour or more talking to them about his future plans, and apparently both parties were satisfied with the outcome.

Nearly all the people in the Black party are interested directly and indirectly in the threatened Chinese boycott, because one of the principal exports to that country is cotton. They have been studying the Chinaman on their present tour and declare he isn't a bad fellow at all. They believe the Chinaman should be treated courteously by this country and should be allowed as much freedom in traveling through the United States as any other foreign people.

VALUABLE ACQUISITION.

Cardinal Gibbons Member of North Carolina Society of Baltimore.

(Charlotte Observer.)

Baltimore, September 1.—His eminence, Cardinal James Gibbons, head of the Roman Catholic Church in America, was to-night formally received into the North Carolina Society of Baltimore as a member.

The Cardinal was for years Vicar Apostolic, in effect Bishop of North Carolina, and did much to build up his church there. He has ever since been warmly attached to the people of the State and has taken an especial pride in its progress and prosperity. The institutions at Belmont, near Charlotte, are especial objects of his interest. He has many personal friends living in the State, and regards his work there as the training that led to his remarkable success in the broader field and his elevation to the archbishopric, and afterward to the red hat of the Cardinal.

When the last annual banquet of the North Carolina Socitay was in progress at the Belvedere Hotel last January Cardinal Gibbons sent, by Governor Warfield, his greetings to the society. Recently he expressed a desire, as a former resident, to become a member of the society. To-night he was received with cordial enthusiasm.

The Cardinal is generally regarded as the most noted citizen of Baltimore, and the society is naturally proud of the accession.

DEVELOPMENT OF SOUTH.

Important Industrial Work Being Done by Great Railway Lines.

Washington, September 4.—An article of unusual interest to the South—the first of a series by Mr. Sylvester Baxter, dealing with the work of the railroads in the South's industrial upbuilding—has just been published by the New York Sun. In this article Mr. Baxter points out the tremendous growth of Southern industries in the past ten years under the impetus imparted by the efforts of the land and industrial bureaus of the railroads.

According to Mr. Baxter, the present great industrial development of the South has been made possible only by the railroads in the adoption of the most modern and enlightened methods for the exploitation of the territory tributary of their lines. In the antebellum days Southern railways were broken up into numerous fragmentary sections controlled by independent companies. There was therefore little possibility of action in unison as demanded by modern traffic requirements. But with the development of great transportation system like the Southern and other leading lines, created by the movement toward consolidation, it has become possible to undertake on a large scale the work of attracting attention to the resources and possibilities of the South as a manufacturing as well as an agricultural section. That the interests of a community and its railways are identical and not opposed to each other is strikingly illustrated by the results of this work as told in the busy wheels and spindles of the great workshops going up all over the Southern States. Largely in consequence of the efforts of the industrial departments of the Southern roads, a great movement of capital, industry and poulation has taken place toward the South.

How extensive has been this work may be seen from the fact that the Southern Railway Land and Industrial Agents' Association now represents sixteen different railway companies whose combined mileage is of 40,000, covering every part of the ten great States which they penetrate. Mr. Baxter proceeds to describe the manner in which the work of those departments is carried on by the employment of district agents to report the openings for new industries in the Southern States by negotiations to bring industries from other parts of the country to sections of the Southern to which they are adopted, through publications devoted to the commercial and industrial interests of their territory, and through the friendly assistance extended to new industries to enable them to become firmly established. He says that the marvelous increase of new investments in the South, amounting in the past three years to the tremendous sum of $340,000,000, is due in large measure to this systematic, intelligent and concerted effort.

"While all this work, of course, is not philanthropic," says Mr. Baxter, "the purpose of no great industrial corporation being to do good withut reference to financial returns, it has the same results. It is an enlightened self interest in the line of policy, productive of good to all concerned. The millions upon millions of dollars that have been added to the wealth of the South by such work are beyond comprehension. While the creation of good railway facilities has been the chief factor in the phenomenal development of the South in recent years, it is evident that but for the work of these land and industrial department the process of growth would have been immensely longer than it has been."

In an interview to-day Mr. Baxter said that although he had endeavored to keep himself informed as to the progress of rapid growth which he had witnessed in the tour of several months from which he has just returned, "in my opinion" said Mr. Baxter, "the present industrial development of the Southern States which, remarkable as it is, is really only at its inception, accounts for some of the rapidly growing opposition in that part of the country to such legislation as the Esch-Townsend bill, or any law by which a thing of railway rates will become a government function.

"The South, more than any other part of the country, would be likely to suffer from the regulation of railway rates by the government, for it is really at the beginning of its industrial development. It needs, more than the older and more fully developed sections like New England and the Middle States, that elasticity of rates which can only be retained if the railroads are allowed their present freedom of action.

"A striking example of this is found in the development of the cotton spinning, furniture making, and iron and steel industries of the South. The co-operation of the railroads with the men who have established and are developing these industries has enabled them to compete in the markets of the country on equal terms with the old established cotton manufacturers of New England, the steel mills of Pittsburg and Chicago, and the furniture maufacturers of Grand Rapids and other northern cities. Should the fixing of rates be entrusted to a government body, this necessary elesticity would inevitably be destroyed by the adoption of rates fixed on a distance basis. The disastrous results of the new and rapidly expanding industries of the South which would follow such a course can nardly be over estimated."

MIKADO THANKS PRESIDENT.

Grateful Appreciation of Distinguished Service in Securing Peace.

Oyster Bay, September 3.—President Roosevelt to-day received from the Emperor of Japan the following message of thanks and appreciation for the part played by the President in the negotiations which have resulted in a cessation of hostilities in the Far East:

Tokio, September 3, 1905.

"The President:

"I have received with gratification your message of congratulations conveyed through our plenipotentiaries and thank you warmly for it. To your disinterested and unremitting efforts in the interest of peace and humanity, I attach the high value which is their due, and assure you of my grateful appreciation of the distinguished part you have taken in the establishment of peace based upon principles essential in the permanent welfare and tranquility of the Far East.

10 KILLED IN SOCIALIST RIOT.

Agitators at Libau, Russian Poland, Fire Upon Troops.

Libau, September 3.—The departure of reservists Saturday night was marked by socialistic rioting in which ten persons were killed and fifty wounded.

The agitators fired from a house upon the military, who replied with a volley. The cavalry then charged, using their sabres on the crowd. A detachment of troops stormed the house from which the shots were fired. One policeman was killed and several soldiers were killed.

Twenty-one wounded persons were taken to the hospital. The reservists did not anticipate the rioting would occur. They had just been entertained by the city and were accompanied by their wives and children. There were many innocent victims, women being included among them.

THE RALLY AT MAXTON.

Elaborate Preparations Being Made for Gathering of Growers.

(Special Star Telegram.)

Maxton, N. C., September 4.—Apropos of the big rally and meeting of the Southern Cotton Growers' and Business Mens' Association to be held here on Saturday, September 9th, about which much has been said and written, the indications are that it will be a splendid occasion, accomplishing much for the cause of the farmers. Extensive preparations are being made and a large crowd is expected. The speakers to be present are among the foremost men in the organization—the men who do things. They are President Harvie Jordon, Mr. A. E. Smith, of South Carolina, the head of the movement in our sisterState, and the Old North State's own champion of the farmers' rights, Col. John S. Cunningham. It is possible that Hon. John L. McLaurin, of South Carolina., may also be here and deliver an address. The speaking and picnic will take place at Patterson's Park, a pretty suburban grove, where will be erecter a spacious stand for the speakers, and seats for the audience. The basket picnic will be made an enjoyable feature of the day.

A special rate on one and one-third fare plus 25 cents, on the "Certificate plan," has been secured to apply from Charlotte, Wilmington, Fayetteville, Bennettsville, and all intermediate points. By the "Certificate plan," is meant that the passenger purchases at his home station a regular one-way ticket to Maxton, calling on Agent for a certificate." One presentation of the "certificate," to the agent at Maxton, transportation for the return trip may be obtained for one third of regular fare plus 25 cents. Be sure to get "certificate" from agent at starting point.

This occasion will be one profit as well as pleasure for the information to be gained from the speeches of these men who have done so much for the South will be worth while. Everybody is welcome.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

JACKSON SPRINGS HOTEL!

THIS favorite Resort of all those seeking rest, health, pleasure, agreeable society and amusements, amid beautiful surroundings, will be found this year more attractive than ever. The Hotel is now under the management of Mr. Robert Irving, who spares no pains to secure the comforts and conveniences of his guests. The table is supplied with the

The Best the Market Affords

Servants are polite and attentive, and the conveniences include the most modern Sanitary arrangements, with hot and cold water baths, steam heat (in the winter), electric lights, &c. For the amusements; visitors will find Golf Links, Billiard Room, Bowling Alley, Lawn Tennis and Croquet; an orchestra to furnish music for Hotel and grounds in day, and at the Pavilion for the dance at night. The waters of Jackson Springs, while they stand second in the long list of Mineral Waters in the United States (having taken only the

Silver Medal at the St. Louis Exposition)

Are second to no water in AMERICA in their cures of Indigestion, Dyspepsia, Bright's Disease, and all other Kidney trouble; Female Suffering, Rheumatism, Nervous Debility and all like ailments, as a long list of testimonials will show.. This water is shipped to all parts of the Country, and gives good results from its use, but is used to the best advantage at the Springs, where the delightful and romantic surroundings, the sweet breath of the pines, the purity of the air, are all furnished by nature to assist in the Curative process. SPIRITS TURPENTINE.

—The Builders' Lumber Company's plant at Marietta, Robeson county, was sold Wednesday by Mr. J. D. Norment, trustee. The purchaser was Mr. W. H. Sanderson, of Washington, and the price paid was $12,500.

—Smallpox has appeared in Richmond county again. A negro on Crosland and Everett's place, in Wolf Pit township, is a victim of the disease. A large number of negroes came in contact with this case before it was discovered, and the spread of the disease in that neighborhood is feared.

—The receipts of the Salisbury postoffice continue to increase, proving the city's phenomenal business growth. For the month of August, 1904, the receipts were $1,074.76, and for the same month of this year the receipts were $1,584.78, an increase of nearly 50 per cent.

—Dr. Charles D. McIver, president of the State Normal and Industrial College, and State Superintendent of Education, J. Y. Joyner, left Greensboro on Saturday night to spend six weeks in Europe. They will visit points of interest in England, Scotland, Germany, France, Italy and other countries.

—Lola, the 12-year-old daughter of Mr. and Mrs. J. A. Newton, of Henrietta, was drowned Saturday afternoon while attempting to cross a small stream which was considerably swollen by recent rains. She was found on a sand-bar a quarter of a mile down the stream, where she had been carried by the current.

—Near Walnut Cove on Friday, while two sons of Lace Knight, a Stokes county farmer, were going to Walnut Cove with a load of wood, the mule became frightened at a dog and ran away. The youngest of the boys, aged 7, fell from the wagon and the wheel passed over his neck, causing instant death. The elder brother was only slightly injured.

—Lumberton correspondence: "Robeson Institute opened Monday with bright prospects for a most successful year. The following compose the faculty: Prof. P. S. Vann, principal; Miss Nettie Beverly, intermediate department; Miss Kate McMillan, primary department; Miss Annie Neill McLean, music department; Miss Bessie Rogers, art department; Miss Elberta Wilburn, elocution department.

—Goldsboro correspondence, Sept. 2: The case against Mr. H. Z. E. Parks, son of Mr. Barry Parks, the efficient ex-county treasurer, for slander, which has been on trial this week in the Superior Court, was brought to a close yesterday by a compromise, Parks agreeing to pay Mrs. Maggie Daniels, the prosecutrix, $700, and the court suspended judgment upon payment of costs, which will amount to something like $150.

—Charlotte Observer: According to statistics gathered and compiled by Squire H. C. Severs, of the board of tax-listers and assessors of Charlotte township, 148 buildings of various descriptions were completed during the 12 months ending June 1, representing an outlay of more than $500,000. Besides this number 317 are now in course of construction, representing an outlay of almost a million and a half dollars. These building statistics are a positive proof of the great progress and prosperity of the Queen City.

—Hendersonville has broken all records this year in the matter of summer visitors. Some careful counting has been done by the Board of Trade, and as a result the announcement is made that between 9,000 and 10,000 strangers have been within her gates this summer, and further that about 5,000 of them were there at one time, August 17th. It should be stated that these figures do not include the visitors who rent cottage for the summer; the census was based upon the returns at the various hotels and boarding houses.

—A message from Clinton states that a murder was committed in the Waycross section of Sampson county Saturday afternoon. An old invalid negro named Tom Merritt was murdered in his bed and the house set on fire to conceal the crime. His body was cremated, but the crime was discovered and Coroner J. P. Parker, of Clinton, went down Sunday morning and held an inquest. The crime is charged to a young negro man named John Matthis, who is yet at large and fleeting from arrest. If appears to be a case of cold blooded murder.

—The charge that cruelty was the cause of the death of Thos. M. Nail, an inmate of the insane asylum at Raleigh, is still under investigation. Dr. T. M. Jordan, the coroner of Wake county, arrived in Pittsboro Saturday afternoon and went to Bear Creek, where he will exhume the body of Thomas Nail and hold an autopsy. He took with him Dr. J. N. Taylor, the county physician, for Chatham county, who will assist Dr. Jordan in the autopsy. Mr. Henry M. London will represent the State, being employed by the father of Thomas Nail to prosecute the case.

—A dispatch from Winston-Salem on Saturday says: Seventy-five witnesses from Wilkes county passed through here to-night en rout to Greensboro to attend the special term of the Federal Court next week, called for the purpose of investigating alleged grafting among government officials in North Carolina. About 150 witnesses from the same county will go down Monday. A prominent citizen of Wilkes, who is one of the witnesses summoned, made the prediction to-night that Congressman Spencer Blackburn will figure in the Federal Court as a witness during the investigation.

—A dispatch from Salisbury on Sunday says: As the result of a negro bully attempting to stir up Sugar Springs, Spencer's negro suburb, late this afternoon, Whitman Hardy is in jail with his back and one ear filled with shot; Zeke Young died in the hospital here to-night and James Ross is shot through the cheek. Hardy, a native of Yorkville, S. C., got mixed up with Ross and while trying to shoot him, put two 38-calibre bullets through Young behind whom Ross dodged. He then shot Ross in the right cheek, the bullet passing through the fleshy part of the face, inflicting a serious wound. Ross ran itno his house, got his shot gun, pursued Hardy and shot him in the back. Hardy was captured after an hour's chase by Officer Lee, of Spencer, who brought him to Salisbury and placed him in jail. A man here in Salisbury identified Hardy as a negro who killed two white men and a white woman, named Moselle, in Yorkville, S. C., in 1889. He also says that the prisoner, Hardy, broke jail with two white men named Reese and Lucky in Yorkville.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. **

Attacked by a Mob

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at R. R. Bellamy's drug store. **

Got Off Cheap

He may well think, he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant, and certain cure for headache, constipation, etc., 25c. at R. R. Bellamy's drug store; guaranteed. **

Tuesday Morning, Sept 5.

LABOR DAY OBSERVED BOTH NORTH AND SOUTH

Waitresses' Union of New York Couldn't March in White Dresses —North Carolina Celebrations.

By Wire to the Morning Star.

New York, Sept. 4.—Fifteen thousand workers marched under streaming umbrellas in New York's Labor Day parade today. Although the rain poured with tropical precipitation, only strict order from union leaders prevented an even larger number of workers from marching though the deep puddles which collected on the asphalt of upper Fifth avenue. The members of the wairesses' union who had prepared to march attired in white dresses and shoes and carrying parasols were so determined to march in the parade that it required a decree of the Central Federated Union, declaring that it was unbecoming for women to tramp in sloppy streets, to deter them. In the men's unions not only did the workers march but many of them were followed by small sons uniformed like their fathers.

Governor Glenn at Salisbury.

Asheville, N. C., Sept. 4.—A special to the Citizen from Salisbury says: Labor Day was observed here with a parade in which several thousand workingmen of Salisbury and Spencer took part, and an address by Governor R. B. Glenn. Governor Glenn declared that he was heartily in favor of an 8-hour day. The Governor also stated that Americans were living too fast and it was time to call a halt.

Day at Charlotte.

Charlotte, N. C., Sept. 4.—Labor Day was observed here with a parade composed of all the labor unions of the city together with other organizations. Addresses were delivered by Cameron Morrison, and Victor Terry of Raleigh. Many out of town visitors were here. No serious accidents marred the day. Baseball and other contests took place in the afternoon.

Asheville In Line.

Asheville, N. C., Sept. 4.—Labor Day was observed here with Athletic contests held under the auspices of the Central Labor Union at Riverside Park. About 10,000 people witnessed the events, one of the features of which was a baseball game between the Daily Citizen team and North Asheville. The newspaper boys won by a score of 26 to 0. The day's programme closed with a display of fireworks.

Raleigh Observes Day.

Raleigh, N. C., Sept. 4.—Labor Day was celebrated here with a great barbecue by Central Labor Union. All public buildings and nearly all the business houses were closed. A State fiddlers' convention was a feature of the day and E. C. McCullers of Raleigh won as the champion fiddler in this event with R. C. Page, of Wake, a close second.

White and Colored In Charleston.

Charleston, S. C., Sept. 4.—Trade unionists to the number of about 1,000 representing a score of organizations and included colored as well as white lodges paraded the streets to-day to the music of a half dozen bands and afterwards adjourned to several picnic grounds and spent the remainder of the day in merrimaking. The day was observed generally in the city as a holiday.

Richmond's Knights.

Richmond, Va., Sept. 4.—Labor Day was celebrated here with a parade of trade organizations through the city to West End Park where there were athletic contest and such were participated. The parade was smaller than usual but the attendance at the park was large.

Chicago's Celebration.

Chicago, Sept. 4.—Ideal weather conditions prevailed for the observance of Labor Day. The union labor parade numbering many thousand marchers was the chief attraction. The magnitude of the procession was a surprise. The marchers started shortly after 10 A. M. and were 3 1-2 hours passing a given point. Among the notables near the head of the line was Cornelius P. Shea, leader of tht recent big strike of the teamsters in this city. The parade was halted when it was discovered that a Teamster Union was marching behind a non-union band. Committees went into a conference on a street corner. The trouble was adjusted and the parade resumed.

Great Day in Savannah.

Savannah, Ga., Sept. 4.—the local labor union orgnizations made the strongest labor demonstration today that they have ever made here. A parade was given in the morning in which every union was represented by its members and by floats all along their respective trades. About 4,000 men were in line. A picnic was given at Tybee Island in the afternoon at which 4,000 attended. Many athletic contests were held on the islands and these were the principal features of the forenoon celebration.

WARM WIRELETS.

A Duluth, Minn., dispatch yesterday says: A small boat with five persons from the wrecked steamer Sevona reached shore safely, thus accounting for the safety of all on board.

At a tent meeting at Troy, Tenn., yesterday Adolphus Holder, aged 19 years, son of Rev. B. L. Holder, shot and fatally wounded John Well. Wells' sister was the cause of the shooting. Both men are members of prominent families.

.. THE ROYAL ARCANUM.

Laws Amended in Some Important Particulars.

By Cable to The Morning Star.

Pit-in-Bay., O., September 4.—The following statement concerning the final determination of the Royal Arcanum convention. was authorized today by Supreme Secretary Robson:

"The law were amended striking out option "D." and "C." by a very decided vote. We also made options "B." and "C." applicable to the present membership only and restricted new members to a selection between the regular rates and option "A."

An amendment was adopted providing that members over 65 years of age may pay only the half of their assessments and that the remainder may be charged against their certificates deduction to be made when the benefits are paid."

PEACE TREATY SIGNED TO-DAY

There Will Be Nothing Spectacular at Final Act of Conference

JAPAN'S ARMY THREATENING

Russian Plenipotentiaries Will Attend Church To-Day, Both Commissions Will Leave Portsmouth To-Day—Fear Battle.

By Wire to the Morning Star.

Portsmouth, Sept. 4.—The closing act of the Peace Conference promises to be a very tame affair. There will be no spectacular features. Final arrangements have been made for the signing of the "Treaty of Portsmouth" at 3 o'clock tomorrow afternoon in the conference room of naval stores building. Besides the plenipotentiaries, only Assistant Secretary Pierce representing the President, Governor McLane, the Governor of New Hampshire, Admiral Meade and Commander Winslow will be present. The ceremony will be brief.

After the signing, the members of the Russian mission will go to Christ Episcopal church, Portsmouth, where a te deum service will be held. The Russian Orthodox bishop at New York, accompanied by 20 priests and about 70 choristers, arrived this evening on a special train. The service at Christ church tomorrow will be conducted jointly by Rev. C. LeV. Brine, the rector and Rev. Alex Hotovitsky, of St. Nicholas church, New York. The festal evensong will be intoned by Father Brine after which there will be a solemn te deum.

Mr. Witte and the members of his suites will leave for New York at 9 o'clock Wednesday morning. Baron Komura before going to Oyster Bay will visit Harvard, his alma mater.

Russians Fear Big Battle.

Lidziapudze, Manchuria, Sept. 4.—3 P. M.—The Japanese are continuing preparations for a battle. This has caused astonishment, coming at the moment when the pueace treaty is on the eve of being signed at Portsmouth. The Russian advance posts report that the Japanese troops are very much dissatisfied with the peace agrement.

The terms of peace are the subject of discussion everywhere. In the Russian army the prevailing spirit is one of satisfaction, and even of lively rejoicing, though general confidence is expressed that the Russian troops would be victorious if they had to fight another battle. The feeling of many of the officers may be summed up the words of an eminent commander:

"As a soldier I am great chagrined, but as a citizen I rejoice at the conclusion of peace."

BABY GIRL WAS IN THE WAY.

New York Mother Confessed to Murder of Her Child.

By Wire to The Morning Star.

New York, Sept. 4.—A confessed accomplice in the murder of her two-year-old daughter whose mutilated body was subsequently bathed and neatly clad in its best clothes and then placed in the open doorway of a West side tenement house, Agnes Hyland, aged 23 years, was locked up tonight.

Gustave Denser, a plumber with whom the woman lived as a housekeeper, is also under arrest. The mother told the police that Denser killed babe girl Gertrude, because it "was in the way" and that she helped to dispose of the body.

The janitor of the tenement this morning stumbled over the body, which wrapped in a newspaper, lay in the corner of a dark stairway. Physicians found fatal bruises on the temple while the face bore nine stab wounds, apparently made by a pen knife.

According to the mother, the child who was an attractive, robust youngster with a profusion of light curly hair, and blue eyes, was beaten to death the previous night because Denser, who has three children of his own, objected to her presence in the home. Later the mother washed the body to remove blood stains and, dressing it in a petticoat, white dress, white cloak, held at the waist with a leather belt, and patent leather shoes, carried it to the doorway where it was found.

VOLCANO UPHEAVAL IN MEXICO.

City and Valley of San Luis Threatened—Great Alarm.

By Wire to The Morning Star

Mexico City, September 4.—News from the State of Michoacan, Mexico, says that a great volcanic unheavel threatons the city and valley of San Luis. The people are feeling into the Interior. The entire side of a precipice on the mountain called Cerro Dolores, about 200 feet square, suddenly took an upward movement and great masses of rock, broken loose by the upheavel, fell into the valley with a thundering noise. For two months slight local earthquakes have been of daily occurrence.

from this district declare that the precipice continues preceptibly to rise

People who have arrived recently and portions of the dock to crumbit and fall. Of late the stones have been hot and a volcano is believed to be in process of formation.

BOOZER'S CARELESS TRICK.

Four People Drowned From Naptha Launch.

By Wire to The Morning Star

Detroit, Mich., Sept. 4.—Panic-stricken at the flash of flames when a lighted match was carelessly thrown into some gasoline on the bottom of the launch Ben Hur late last night, at St. Clair flats, a unmber of the thirty passengers on the launch jumped overboard. Four of them were drowned.

The launch was carrying a party of people to the hotels near Algonac from a dance at Joe Bedore's Hotel. According to the owner of the launch one of the passengers who had been drink kicked open a cock on the engine which permitted a quantity of gasoline to run out on the floor and then after lighting a cigar carelessly threw his match into the gasoline. The fire was quickly extinguished, and the launch was damaged but little.

At Johnston, S. C., yesterday, David Outz, president of the Johnston Bank, died as the result of burns received at the cotton warehouse fire Saturday night.

CARNIVAL OF BLOOD IN BEASTLY RUSSIA

Hundred Persons Killed in Baku and Large Number Wounded—Another Outrage on Jews.

By Cable to The Morning Star.

Kishineff, September 4.—During the progress here to-day of a funeral procession of Jewish workmen, following the body of a poor woman who had been killed by roughs, shots were suddenly heard and the procession was charged by troops and police. Many of the workmen were wounded and fifty of them were arrested. Several are missing and are supposed to have been killed. The officers declined to give any explanation of the cause of the occurrence and refused sympathizers with wounded men to accompany them to the hospitals. The Jewish Hospital is surrounded by soldiers and partols are stationed at central points in the town. Great alarm prevails.

St. Petersburg, September 4.—7:45 P. M. Dispatches received by the ministry of the interior estimate that fifty persons were killed during the fighting at Baku, Caucasia, September 2nd, with a relatively large number of wounded, the majority of whom are Tartars. Private dispatches report that corpses are lying about the streets, and that incendiary fires have already destroyed 151 buildings, and are still in progress. Both factions, after the former disorders, supplied themselves fully with arms and they are now almost as well equipped for streets fighting as the troops. The situation not only at Baku, but also throughout the Caucasus has been exceedingly tense for weeks. The disorders at Shusha had just ceased when the street car strike at Baku furnished the occasion for another outbreak.

St. Petersbrug, September 5.—Advices from Baku says that the firing again commenced Sunday, the Tartars attacking the troops with great desperation. Thus far the killed or wounded according to these advices exceed a hundred. Prince Lisheradzee was wounded.

SHIP WRECKS ON GREAT LAKES.

Two Steamers Foundered and Twelve Lives Lost.

By Wire to The Morning Star.

Ashland, Wis., September 4.—More than a score of lives were lost and property valued at half a million dollars was destroyed in a furious storm that swept over Lake Superior from Friday night to Sunday night, according to reports received up till to-night. The gale was the most destructive to take shipping that has been experienced in many years.

Besides the wreck of the steel steamer Sevona, which broye in two on Sand Island Reef, seven of the crew including the captain, losing their lives, the barge Pretoria, of Bay City, carrying a crew of ten men, sand, five sailors drowning.

The schooner Olive Jeanette, which carried a crew of seven is also thought to be lost. The Olive Jeanette it is believed went to the botton about ten miles from Portage entry. The new steel steamer Stackhouse arrived at Soo on her first trip with her hatch covers so badly sprung that water poured continually into the hold. One of the crew was washed overboard. The whaleback steamer Samuel Mather also lost one of its crew overboard. The monetary loss of the Sevonia is $350,000 while that of the Pretoria is $150,000.

Ashland, Wis., Sept. 2.—As far as known tonight all persons on the wrecked steamer Sevona are safe except seven of the crew who remained on the broken ship to allow 17 others to escape in the only two boats available for rescue. Those who are now thought to have perished are Captain McDonald, First Mate Darwin; the second mate, name unknown; two wheelsmen and two sailors. The body of Captain McDonald was washed ashore.

Miss Kate Spencer, of Erie, Pa., speaking of her experiences said:

"It was early in the morning when Captain McDonald told us he was going to run for shelter and that we should put all breakable stuff in a secure place as when the boat turned it would toss badly. Soon afterward he came to our stateroom and told us to dress and go aft as the boat was leaking forward. This we did with the help of sailors at 4 o'clock Friday morning. We were instructed to put on life preservers and had them on when at 5:45 o'clock the boat broke in two. The first engineer got us into the yawl boat but did not launch it and the captain cried through the megaphone to hold out as long as possible. With this we got out of the yawl boat and congregated in the dining room which was still intact. The big boat was pounding badly. A piece of the deck broke away and then a portion of the dining room. During this time the men forward could not reach us. At 11 o'clock everything seemed to be broken up and by order of the chief engineer we took to the yawl boat again. We piled into the boat, leaving seven men behind after a heart rending farewell."

The ship Pretoria has been sunk off Outer Island. Five men were drowned. The survivors were taken to Ashland last night.

CHOLERA IN GERMANY.

Sixty-Six Cases and Twenty-Three Deaths.

By Cable to The Morning Star.

Berlin, Sept. 4.—It was officially bulletined today that 66 cholora cases and 23 deaths have occurred in Prussia. Of this number ten new cases and three deaths were reported up to noon today.

While anxiety is not yet the word to describe the feeling in the imperial health office, concern over the cholera situation does begin to exist. Most of the new cases do not break out among the quarantined persons but are suddenly heard of in detached farm houses of villages not contiguous to the Vistula. Hence the inference is that the infected area is widening slowly and that the measures to hold the disease strictly within the existing boundaries have not been fully successful. These measures, however, are being sharply increased.

"Native Born Father-in-Law."

Deleware Nixon, colored, 33 years old, a resident of the country, came to the hospital Sunday, to have dressed several knife wounds in the back and on the arm and neck. He told Dr. Akerman, who stitched up his hide, that he had been cut in a row with his "own, native-born father-in-law."

FEVER PLAGUE IS WIDESPREAD

Dozens of Louisiana and Mississippi Towns Infected and Cases Increasing

PENSACOLA IN FOR SIEGE

Four New Casese There Yesterday and Many Suspicious—New Orleans' Show Total of 3,082 Cases and 272 Deaths.

By Wire to The Morning Star.

New Orleans, September 4.—The following is the official report of the yellow fever situation up to 6 P. M., today:

New cases to-day, 58; total cases to date. 2,082.

Deaths to-day, 5; total deaths to date, 272.

New disease centers, 16.

Cases under treatment. 321.

Discharged, 1,469.

The increased number of new cases reported to-day is accounted for by the fact that several physicians, whose names had not appeared on the list very frequently heretofore were all there to-day. The arrest of Dr. Berge, on a charge of failing to report three cases, is believed to have had its effect on others who reported only severe cases. Of the deaths only one was up town and he was the only native on the list.

Dr. Brady, the medical inspector of the State Board, said to-day that many country physicians are not reporting mild cases of yellow fever.

Among the outside reports to-day are the following:

Patterson, nine cases, one death.

Lake Providence, three cases, one death.

Terre Bonne parish, 15 cases.

St. Charles parish, 10 cases.

LaPlace, St. John, seven new cases since last report.

Amelia, eight new cases.

Gulfport, Miss., five new cases.

Mississippi City, two new cases.

Vicksburg, Miss., two new cases.

Further investigation of Dr. Berege, develops that the doctor was to a certain extent the victim of his mistake. It cost him fourteen hourse in a prison cell. Instead of telephoning to 728, Dr. White's office, he got connection with 598, the Emergency Hospital, and reported the cases there. Medical Assistant Lanaux at the hospital has made an official statement to that effect and there will probably be no further proceedings against Dr. Berge.

Rain and a strike of Teamsters made it somewhat difficult to carry on the work of salting the gutters to-day, otherwise the yellow fever situation is exceedingly favorable.

Dr. White to-day urged the mayor of New Orleans to delay the general moving day from October 1st to November 1st. The mayor promised to act.

Pensacola, Fla., September 4.—Four new cases of yellow fever developed here to-day, all being in the original infected district, with the exception of one, which was found on board the United States dredge boat Caucus, which reached here recently from New York. The party on board that vessel spent several night in the district now infected after the dredge had reached here. All of the patients have the fever in a mild form. There are quite a number of suspicious cases to develop, all, however, being in the same district with one or two exceptions. The State health authorities think that with the assistance of the citizens, the fever can be stamped out, but many residents are loath to believe that it is yellow fever, and will not carry out the orders of the officers.

To-day a mass meeting of the citizens in the quarantined district was held to protest against being held in that section while passes were issued to a few and resolutions were adopted. With this exception there has been little complaint and screening and fumigation has been going ahead rapidly. Sheriff Van Pelt to-night swore in fifty additional deputies and a complete cordon has been thrown about the city to prevent persons from leaving. Artillerymen from Fort Barrancas and marines from the navy yard patrol the line separating the county and the naval reservataions.

All business places close at 5 o'clock in the afternoon and do not open until 8 in the day.

Atlanta, Ga., September 4.—J. C. Caruthers' who arrived from Pensacola last Friday and who was removed to the detention hospital with a well developed case of yellow fever, was reported to-day to be improving satisfactorily. No other arrivals with fever have been reported anr with the precautions that has been redoubled since Caruthers arrived, no more are expected. The quarantine against Atlanta, which was announced by several cities has been removed in all but one or two instances. Dr. Wertenbaker, the representative here of the Marine Hospital Service, will resume the issue of health certificates to-morrow to those who have been in the city ten days, and these will be accepted by nearly every State and locality, Texas, and Arkansas alone of the Southern States not having replied to the inquiries on the matter. The promised issue between the State and city boards of health has not materialzed and since the refusal of the local board yesterday to quarantine Atlanta against infected points it does not appear likely that at attempt will be made by the State Board to override the decision.

Jackson, Miss., September 4.—Yellow fever is spreading steadily along the gulf coast. Five new cases were reported from Gulfport and two from Mississippi City to-night. The removal of all military guards around infected points has been ordered, owing to the prevalence of the disease among soldiers, six of whom have been infected. Vicksburg reports two new cases, making a total of seven under treatment. No new cases are reported at Handsboro, Pearlington or Natchez.

Washington, September 4.—Surgeon General Wyman, of the Public Health and Marine Hospital Service, has received a report from Passed Assistant Surgeon Goldberger, who has been in Memphis for the past several days saying that he found no yellow in that city.

Vicksburg, Miss., September 4.—Up to 6 o'clock this afternoon two new cases of yellow fever had been reported, making a total of seven. Two patients were discharged to-day. Both new cases are white persons, living in widely separated localities.

ASSAULT ON JUDGE.

May Not Be Able to Hold Alamance Court.

A special sent from Greensboro Sunday night says:

Judge Ward, who was assaulted in Durham yesterday by ex-Mayor McCown on account of a light sentence he imposed on a negro convicted of manslaughter, on indictment for killing McCown's nephew, came here today, and is at Solicitor Brooke's home. It is reported that he is suffering severely from the blow received on his ear, and with nervous shock. He is due to open Alamance Court Monday, but may not be able to get there.

McCown was imprisoned and fined last night for contempt of court. This afternoon Judge Ward was notified a writ of habeas corpus had been obtained from Supreme Court Judge Walker, and will be heard in Raleigh at noon Monday, as to whether McCown was legally sentenced for contempt or not. Solicitor Brooks will go to Raleigh at the hearing to represent the judge, in accordance with an act of the last Legislature.

FRANCIS LOOMIS' SUCCESSOR.

Bacon, of New York, Becomes Assistant Secretary of State.

By Wire to The Morning Star.

Oyster Bay, L. I., Sept. 4.—Robert Bacon, of New York is appointed assistant Secretary of State, in succession to Francis B. Loomis, resigned. President Roosevelt authorized today the official announcement of Mr. Bacon's appointment. The appointment of Mr. Bacon was agreed upon almost immediately when Elihu Root had accepted the office of Secretary of State but was not announced. Mr. Bacon for many years had been an important factor of business life in New York city, having been until within a year or so a junior partner in the banking house of J. P. Morgan & Co. President Roosevelt has known Mr. Bacon for many years and came particularly into contact with him at the time of the settlement of the anthrarite coal strike. Mr. Bacon will not take up the duties of the office probably before the middle of October.

TRYING TO PLAY INSANE DODGE.

Slayer of Maud Cameron Robertson Feigning Hypnotism.

By Wire to The Morning Star.

Norfolk, Va., Captain E. W. Jones, of the Seventh-first Virginia Regiment, who killed Maud Cameron Robertson, waived examination when arraigned to-day and was sent on to the October grand jury. The prisoner asked to be permitted to have in his cell a work on hypnotism and his request was granted. Commonwealth's Attorney Tilton said he had no idea that any hypnotism could be used on the jury which will try Captain Jones a month hence and attached no importance to the matter.

TO THE PUBLIC.

It is the purpose of the undersigned to establish and publish in the near future in the city of Wilmington a daily paper to be called "The Independent" which shall echo as far as possible through its columns the sentiments and opinions of the thoughtful people of Wilmington. As its name implies the paper will be thoroughly independent in all things but it will always advocate those principles which conduce best to the interests and material welfare of all our people, but in no instance will it fail to criticise with deserved severity the shortcomings and negligences of individuals in power as well as of corporations, many of whom have violated the written law, but plain justice shall be meted to all and conservatism shall mark the course of the paper. Its main purpose will be to diffuse knowledge and disseminate news, not to moralize nor teach, but it will not approve of the fanaticism of the zealots who have done much injury, brought reproach upon a political party and have consigned to a political grave those following their behests. These zealots prefer to pluck the splinter from another's eye, while blinded by the log of wood in their own. Upon the gracious support of our people we rely for success but for a while we crave the kindly consideration of and the indulgence of our friends.
